Re"Freedom of Information Act Appeal #1177799-000 Dale B. Adams

December 18, 2011

Hello,

On December 6, 2011 the FBI sent a letter denying me expedited processing. [Exhibit A] I was informed I didn't provide enough information in support of my request for expedited processing of a FOIA request. I come now under oath, under penalty of perjury and set forth below detailed facts and evidence in support of approving expedited processing to prove the denial of expedited processing is equivalent to murder; and will get me wrongfully incarcerated;

1. Congress passed the Detention Authority Provisions in S. 1253, of the National Defense Authorization Act for Fiscal Year 2012 (Sections 1021, 1022, and 1036), a.k.a. H.R. 1540 / S. 1867 on December 15, 2011, allowing the U S military to indefinitely detain a suspected enemy combatant – indefinitely without trial or access to Habeas Corpus relief
2. Adams was unlawfully placed onto the Patriot Act in 2006 at the request of a member of Congress because he wrote the patriotic article, "*Before you vote a word from Thomas Jefferson*" which stated that the reason we have so many problems in our nation is because we keep electing the same members of Congress for decades
3. Adams contacted numerous members of Congress pleading for relief to be removed from the Patriot Act because he was no danger to our nation and was subject to cruel and unusual punishment and they ignored his pleas and instead opted to pass the NDAA H.R. 1540 / S. 1867
4. Since members of Congress were involved with illegal conduct to unlawfully place Adams onto the Patriot Act, they all have an interest in protecting themselves by passing the NDAA, H.R. 1540 / S. 1867, to deny Adams judicial review which would expose their criminal conduct
5. Adams was in Corpus Christi, Texas when he was wrongfully placed onto the terrorist watch list and the first version of the NDAA, was introduced in the House of Representatives by a Representative from Texas
6. Adams reported criminal conduct by Tyson Foods for public corruption when he wrote Senator John McCain for relief and Sen. McCain is on the Senate Arms Committee with an interest in protecting military contracts with Tyson Foods to obtain bio-fuel

7. Although Congress is prohibited from passing a Bill of Attainder by the U S Constitution, the NDAA is a Bill of Attainder specifically designed to indefinitely harm and punish me
8. If President Obama signs this treasonous legislation into law in the next few days, the U S military will indefinitely detain me with no access to the courts and will cause my death
9. My disabled wife has serious abandonment issues and can not survive alone and would also die
10. Her Mother committed suicide on January 1, 2011 due to being lonely and my wife Cherie speaks about committing suicide often due to losing her Mother which isn't healthy for her
11. If the FBI will expedite the FOIA request which contains absolute proof I was unlawfully placed onto the Patriot Act, I can get judicial review to be removed from this Patriot Act watch list so the NDAA will not affect me
12. Therefore the information requested in the expedited FOIA is needed immediately to preserve LIFE of myself and my wife
13. Denying the expedited processing is equivalent to murdering my wife because Adams is not exaggerating nor embellishing this serious matter by any means – She Will Die
14. Even if we are separated a few days she becomes extremely upset because she can't stand to be alone and the FBI has evidence with emails and our phone conversations proving her fragile condition
15. Only a few hours ago my wife was happily telling me that she can die from her low pulse rate and was talking about killing herself
16. The illegal conduct of the FBI and Congress members has already caused the wrongful death of three of our family members including our unborn child; Joel Adams, who died March 8, 2010, my Father; Clarence D. Adams, who died June 6, 2010, and my Mother-in-Law, Linda Gattis, who died January 1, 2011, and court records contain the proof of death
17. The FBI has the facts and evidence to all of these claims because you are eavesdropping on all of our communications whether by phone, email, fax or wiretapping our home with satellite surveillance and court records thereby satisfying the criterion of 28 C.F.R. Section 16.5 (d)(1)(i)
18. My wife and I locked the doors when we went out of town for two days to get Cherie medical care and our home was broken into by law enforcement who have tampered with our evidence and are engaged in obstructing justice or are attempting to entrap me with some type of crime by violating the law and our Constitutional rights that they seem to be able to legally do under the Patriot Act proving there is no way we can obtain rights to due process in litigation while being on a terrorist watch list thereby satisfying 28 C.F.R. Section 16.5 (d)(1)(iii)
19. An affidavit and our police report describing the facts is attached confirming these claims, titled

POLICE REPORT OF BURGLARY pages 1-14, and we hope to have the police investigate

20. The FBI, US DOJ and the State of Arkansas are conspiring to convict me of a non-existent crime and I wrote a private letter to my Doctor to obtain my medical records on the date of December 7, 2011, to offer proof of my innocence. Although I tried to fax the document twice, I believe federal agents located at 2402 Anvil Drive blocked the fax from going to my Doctor. This is unconscionable conduct and a blatant violation of laws related to tampering with witnesses, obstruction of justice as well as my rights to due process – but people on the Patriot Act have no due process, therefore proving the FBI should expedite my FOIA request so Adams can obtain due process, evidence of his innocence to prevent being wrongfully incarcerated which would cause his disabled wife, Cherie L. Adams to die. These facts satisfy both 28 C.F.R. Section 16.5 (d)(1)(i) and 28 C.F.R. Section 16.5 (d)(1)(iii)
21. Although I called this same Doctor and requested they fax me a waiver to get a copy of my medical records, they never faxed it to me or called me. I believe the FBI has given this Doctor a National Security Letter or other order prohibiting him from communicating with his patient, thereby violating the Doctor/Patient privilege and my rights to due process satisfying both 28 C.F.R. Section 16.5 (d)(1)(i) and 28 C.F.R. Section 16.5 (d)(1)(iii), because my wife will die if the FBI succeeds in wrongfully and unlawfully incarcerating me
22. In Exhibit F within the POLICE REPORT OF BURGLARY pages 6-8, I reported law violations of Tyson Foods and labor law enforcement agencies to both the FBI and the US Department of Justice and they failed to abide by or enforce the law because they were intent to strip me of rights to due process of law to obtain rightful property in civil litigation and sabotaged my valid lawsuit. While on the Patriot Act I have no due process in civil or criminal matters therefore expedited processing is essential to prevent the government from violating the law to indefinitely detain me for a non-existent crime satisfying both 28 C.F.R. Section 16.5 (d)(1)(i) and 28 C.F.R. Section 16.5 (d)(1)(iii)

Therefore I have given the FBI sufficient evidence to approve expedited processing. I believe mediation is the proper way to resolve these matters.

Signed on this 20th day of December, 2011 under penalty of perjury.
